PRESIDENT'S REPORT

Today we welcome Morwell Falcons not only to Middle Park but also to the National Soccer League. After five rounds they have proven that they have been worthy of their place in the national competition.

South Melbourne has had a rough patch of late however last week we travelled to Newcastle and beat them all over the park and came away with 2-0 win. Francis Awaratefe scored a magnificent goal with a decisive left foot from outside the box. The team welcomed the return of Francis Awaratefe, Mike Petersen and David Healy.

We hope that last week was the turning point to what has been our worst start in many years. However we have a very talented side who will prove all their critics wrong in the end.

In recent weeks, the media, some very fickle supporters and our rivals have taken advantage of our performances and have made things difficult. We had only seen through three or four rounds of what is going to be a very long season and everyone was looking for a scapegoat. Little do these people realise that this club operates in a very professional manner and one thing that we do know is patience. The entire committee worked extremely hard in the off season to prepare the club for the new season. We made decisions that would benefit the club in the long term. We do not appreciate the media associating our club with idle gossip which sensationalise stories and distort the facts, distortions, which could have quite easily led us to undo all that hard work with some very rash decisions.

I believe that the infrastructure at the club is such that we have a lot of depth and by Round 26 we will be close to the top and we have the strength to go all the way. What your side does need is all your support and not critics. The teams that are on top at the moment will not be there for much longer and as the season settles in the truth will unfold.

Kind Regards
George Vasilopoulos
President
